

DRY AGENTS TRAP TWO

BY FAKE PURCHASES

Prohibition Commissioner Haynes' flying squadron was on the job again yesterday and succeeded in confiscating ten cases of whiskey and "jugging" three negroes on charges of violating the prohibition law.

Prohibition Officers Asher and Schwitzer engaged the negroes to deliver a load of whiskey at a garage at 2117 E street northwest.

Driving into the garage, with Asher on the running board of the car, the party encountered Officer Schwitzer. When the negroes were told they were under arrest they are said to have flashed revolvers, but the officers were prepared for trouble and placed them

under arrest. The negroes gave their names as John Maddox, of 1221 Twentieth street northwest; Charles Green, 1216 Twentieth street northwest, and Thomas Gill, of 1222 Twentieth street northwest.

JAIL IN MASSACHUSETTS RENTED TO TOWN COBBLER

JEFFERSON, Mass., Sept. 5.—This little town has a very fine jail, but no use for it, and has rented it rather than have it stand idle.

The tenant is Antonio Rinna, who pegs shoes in the reception room and bunks in either of the two cells, which ever happens to hit his fancy. The jail is a one-story affair.

RAILROAD UNION HEAD SAYS NEED IS CONCILIATION

Capital and Labor Must Have Mutual Willingness to So Treat, He Declares.

By W. G. LEE.

CLEVELAND, Sept. 5.—Capital and labor can be brought together only through the mutual willingness of both and they can be kept together only so long as that willingness to meet and treat with each other remains.

And say what we may concerning the practicability of capital and labor working together, the fact remains that it is impossible to secure the co-operation of the employer and the employee unless each grants to the other the same freedom of action and gives the other side credit for being as honest as itself.

It is not to be supposed for one minute that determination not to concede on the part of either side is an evidence of dishonesty of purpose; we realize that the economic law "get as much as possible for as little as possible" maintains to the full in every adjustment between the employer and the employee, but that does not mean that both sides to the industrial problem cannot get together and work out their differences honestly and with fairness to both parties interested.

The railroad transportation organizations have managed their affairs with their employees through what we regard as the most efficient and fair method that thus far has been devised by associations of employees.

Collective bargaining, while always governed by stress of economic conditions, in normal business periods has proved efficient and for the most part satisfactory.

In any event, it has been the best and most effective agency thus far devised for bringing capital and labor together, and when carried out fairly by both parties so that each can say, regarding its labor contracts, that its word is as good as its bond, I must believe that collective bargaining, intelligently and fairly undertaken, offers the best practicable plan for bringing capital and labor together.

When conflicting interests will not co-operate, all plans for voluntarily bringing them together necessarily must fail.

SOCIAL BATTLE NOW RAGING IN AIX-LES-BAINS

Actions of Gay Deauville Set "Appal" Former Mrs. Leeds and Staid Britishers.

By C. F. BERTELLI.

AIX-LES-BAINS, Sept. 5.—A new social battle has begun in Aix-les-Bains between the conservative "simple life" section, headed by Princess Anastasia of Greece (the former Mrs. William B. Leeds), and the gay Deauville set which has come here following the closing of the season there.

This set is led by the Maharajah of Kapurthala, Sem, cartoonist for Mercurial, and Jane Renouard, who is reported to have broken her own records by filling nine men since the Grand Prix.

Before the arrival of the Deauvillians, Aix warriors for the staid English royal set. The hotels were crowded with princes, princesses, dukes and duchesses taking the cure in a stolidly serious fashion.

They were going to bed at 10 nightly and indulging in only rare flutters at the Casino, where 1,000 francs was the limit.

The arrival of the Deauville crowd, however, upset their calculations, and most of the royalty has left in a huff following several all-night parties at which the mildest of stunts included climbing Revard Peak at 3 o'clock in the morning in dress suits and decorated with holding the mock initiation ceremony into the order of "Free Livers," in the course of which candidates went swimming fully clothed in Bourget lake.

Princess Anastasia said: "The antics of modern society absolutely appal me. They think in only five terms—love, intoxication, gambling, jazzing and champagne excesses.

"I am not a kill-joy, but I truly think the whole irresponsible gang should be interned at Deauville for the rest of their lives."

The princess thereupon quit Aix for Paris, where she was met by Queen Olga of Greece. Others following her example were Mr. and Mrs. Charles Clark, Mr. and Mrs. Chester A. Braman and Mr. and Mrs. Sidney Muterbach, all of New York.

PACKER'S SON ARRESTED

IN ZION ON RUM CHARGE

CHICAGO, Sept. 5.—Louis Swift, Jr., son of Chicago's millionaire packer, is under \$2,000 bond to appear in court in Zion City on a charge of violating the prohibition law. He was arrested while motoring through the town.

Malcolm Robinson, who made the arrest, charged Swift and friend stopped the car and were drinking from flasks. He said he found six quarts of whiskey in the car.

RUSSO-AFGHAN TREATY

RATIFIED, REDS REPORT

RIGA, Latvia, Sept. 5.—The government of Afghanistan has just ratified the Russo-Afghan treaty, says a dispatch today to the Rosta, official Bolshevik news agency.

The treaty is said to give Russia a large measure of preferred rights in Afghanistan, considered the gate to India, over which Russian and English diplomacy has contested nearly a century.

A MESSAGE To The Music-Loving Public of Washington

I believe that as quickly as possible this country should see a general lowering of prices of all commodities, so that the inflated conditions of the past few years may be returned speedily and quickly to a normal level.

I believe the best way to foster and promote the general return of the right kind of prosperity is for this country now—today—to start buying what it wants at prices it can afford to pay.

The right way to start that buying is for the merchant to place the merchandise he offers at prices within the reach of all.

I believe in practicing what I preach, and, therefore, let me announce that beginning September 6th we will inaugurate.

A Clean-Sweep Sale of Pianos and Players

at reductions in prices that will amaze the music-loving people of Washington.

Purposely included in this sale is every new and used piano and player on our floors, new Knabes and Ampicos excepted. This is not a sale of one or two kinds of pianos, but a great big merchandising event that will attract every music-lover in the city of Washington.

Look at the prices and come quickly. Let's get down to bed rock and quit calling dull times. Times are good just now—very good—in which to buy a fine piano or player, because these prices—these terms—will make it possible.

J. H. Williams
Pres. Knabe Warerooms, Inc.

There will be no half way measures used to sweep this sale through to a splendid success and to thus realize and fulfill the ideas and desires of the president of this institution, for the sweep and scope of this clean-sweep sale will be greater and more comprehensive than any other selling event we have ever inaugurated in Washington.

New Pianos, shopworn pianos, discontinued styles, cases slightly damaged, used pianos, trade-ins, all these without exception, without reservation. In other words, our entire stock is offered.

Consider Carefully

This is not a sale of one or two makes of pianos. Not a clearance of any part of the stock but a TREMENDOUS MOVEMENT OF EVERY NEW AND USED INSTRUMENT on our floors at prices that will move them quickly, new Knabes and Ampicos alone excepted. Read the prices, the terms, the makes listed below. Then judge, decide and act quickly.

Some Clean-Sweep Values on Sale Tuesday and Wednesday

Every instrument in this store, whether new or used, positively protected by written guarantee for from 1 to 10 years, according to condition.

This brand new 88-note player, latest improvements and devices, splendid tone, easy action, seven and one-third octaves, full plate, metal tubing, ten-year guarantee, only,
